

GEI Consultants Relocates Washington, D.C. Office

GEI Consultants, Inc., a geotechnical, environmental, water resources, and ecological science and engineering firm, has relocated its office in the D.C. Metropolitan area to I Street, Northwest.

The company used a joint brokerage effort between Mohr Partners and Leonard Howell from GVA Advantis and signed on for about 3,000 sf. The office relocation is to accommodate the increased staff size and professional opportunities.

GEI's new office is located at:

1620 I Street, N.W., Suite 800
Washington, D.C. 20006
(202) 828-9511

GEI's Washington D.C. office provides a full range of geostructural, geotechnical, environmental, and geological services, including commercial, institutional and industrial buildings and structures; dams, levees and pipelines; tunnels, highways and bridges; and construction-related structures such as slurry walls and excavation support systems. It also provides support for ecological and water resource projects in the region.
